

A. Comfort, beauty, reliability all show in the careful execution of MEDICI craftsmanship.

B. The engine room. All the essential characteristics of larger framesets.

C. The MEDICI Pro Minimo technique. Precise lugwork. The start of the essential incline.

MEDICI detailing and up-to-date styling can only be suggested in these photographs. Observe, however, the exclusive stainless steel seat tube bolt, the black anodized handlebars and stem, and the aero style water bottle and cage. Finishing procedures include color matching pump (with frameset as well as complete bicycle), multi color decals and clear lacquer overcoats for protection and appearance.
