

► **Model Riggio Strada 105**

Designed for the rider who enjoys sport-touring or occasional triathalons. The frame geometry is similar in engineering to our professional bikes and offers the most responsive ride possible both in corners and up and down hills. The Shimano 105 group offers positive SIS indexed shifting for fullproof shifting every time.

**Specifications:**

- Frameset Riggio Cromor
- Built with Shimano 105 group
- Indexed shifting
- Ambrosio Elite clinchers
- Matrix CD-2 Tires (700 x 25)
- TTT Pantograph bar and stem
- Micro adjust seatpost
- Giuseppe anatomic saddle
- Silca pump
- Bike ribbon tape
- Sangorgio bottle and cage

**Model Riggio Strada 105**

► **Model Riggio Athena Strada**

This is an entry level race cycle at an affordable price. Built with the same geometry as our professional cycles, this bike is the perfect machine for the serious triathlete and club racer. Offers a tight wheel base for responsive handling in all situations.
